

Information About the Service

A SIP Trunk service is used to connect your office telephone system to our Voice Over IP (VoIP) network. Using a SIP Trunk allows you to cut down on the number of phone lines you require and reduce your call costs all at the same time.

A minimum term of one month is required for a SIP Trunk service. If you wish to cancel your service we require written notice one full calendar month in advance of the termination date.

What is Included:

- Web based self-management interface to control your service
- Ability to make and receive telephone calls
- Competitive call rates

What is not Included:

- Hardware
- Internet connection
- Number porting fees (apply if you wish to transfer your number from another carrier)
- Dishonour and late payment fees

Important Restrictions:

- This service is not suitable for use with Mobile Broadband
- International phone numbers cannot be ported from us to another carrier

Important Qualifications:

- Requires a reliable high-speed internet connection

Billing Information

This service is billed on the 1st of every calendar month where the service fee is billed in advance and calls are charged in arrears.

Usage Information

You can always keep track of your monthly call spend by visiting <https://billing.url.net.au> and selecting the "Unbilled Calls" link. This will display your current month's call spend. Call spend data is updated hourly.

You can also enable call spend notifications by doing the following steps:

1. Browse to <http://www.url.net.au> select "Client Login" then enter your login detail in the "Billing Portal" section.
2. Once logged in click "My Details"
3. Scroll down and set the "Call Spend Notification \$" to the desired value
4. Click "Save Changes" to apply
